#### PRESENTER (S): KENDRA THORNTON/JENN LINDEMON

**Recommendation:** 

**Proposed wording for motion/action:** 

Move to approve renewing the vended meal agreement with Better 4 You Meals, as presented.

Fiscal Impact: N/A

Estimated Length of time for consideration (in minutes): 3-5 Minutes

BACKGROUND: The agreement with Better 4 You Meals as the NSLP vendor included an option to extend each year for up to four years. By extending the existing agreement one additional year, Doral Academy will be locked in at the price agreed upon in the original agreement.

### **Federal Programs**

#### Allowable Uses of Grant Funds

When determining how to spend grant funds, the Administrator and the Business Manager will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on proposed goods or services. All costs supported by federal education funds must meet the standards outlined in the Education Department General Administrative Regulations, which are provided in the bulleted list below. All costs must:

- 1. Be necessary and reasonable for the performance of the federal award.
- 2. Be allocable to the federal award.
- 3. Be consistent with policies and procedures that apply uniformly to both federally
- 1. financed and other activities of the charter school.
- Conform to any limitations or exclusions set forth as cost principles in 2 C.F.R. §200
- 2. or in the terms and conditions of the federal award.
- 5. Be treated consistently.
- 6. Be adequately documented.
- 7. Be determined in accordance with General Accepted Accounting Principles (GAAP),
- 3. unless provided otherwise in 2 C.F.R. §200.
- 8. Not be included as a match or cost-share, unless the specific federal program
- 4. authorizes federal costs to be treated as such.

#### Procurement Under a Federal Award

In addition to its other policies and procedures regarding procurement, The Public Charter School will adhere to the following requirements when making procurements under a federal award. The Public Charter School will:

- Ensure that all solicitations incorporate a clear and accurate description of the technical requirements for the material, product or service to be produced, and set forth those minimum essential characteristics and standards to which the material, product or service must conform.
- 2. Provide documentation of the method to be used to conduct technical evaluations of the received proposals and for selecting recipients, which will include the factors to be considered in the evaluation, who performs the evaluation, the number of evaluations performed, the timeframe for conducting the evaluations and selecting a vendor. and whether another position reviews the evaluation.
- 3. Maintain oversight to ensure that contractors perform in accordance with the terms, conditions and specifications of their contracts or purchase orders.
- 4. Avoid acquiring unnecessary or duplicative items.
- 5. Consider consolidating procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase

- alternatives and any other appropriate analysis to determine the most economical approach.
- 6. Maintain a list of prequalified persons, firms, or products which are used in acquiring goods and services and include enough qualified sources to ensure maximum open and free competition.
- 7. Award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.
- 8. Maintain records sufficient to detail the history of procurement. These records will include:
  - a. Rationale for the method of procurement;
  - b. Selection of contract type;
  - c. Contractor selection or rejection; and
  - d. The basis for the contract price.
- 9. The use of a time and materials use contract is prohibited unless the Public Charter School determines that no other contract is suitable. Time and materials use contract means a contract whose cost to the charter school is the sum of:
  - a. The actual cost of materials; and
  - b. The direct labor hours charged at an hourly rate that reflects wages, general and administrative expenses, and profit.
- 10. Be responsible for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims.
- 11. The charter school will adhere to any additional procurement rules as applicable to specific federal programs

An inventory of all capital purchases, equipment, curricula, and library/reference books in the school will be compiled annually by the Administration. The physical inventory will be compared to the general ledger totals; any significant difference will be reviewed and corrected by the Business Manager.

#### **Property Classifications**

- Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the Public Charter School for financial statement purposes, or \$5,000. 2 C.F.R. §200.33.
- Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the Public Charter School for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 C.F.R. §200.94.
- Computing devices means machines used to acquire, store, analyze, process, and publish data and other information electronically, including

- accessories (or "peripherals") for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.
- Capital assets means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. Capital assets include:
  - Land, buildings (facilities), equipment, and intellectual property (including software) whether acquired by purchase, construction, manufacture, lease purchase, exchange, or through capital leases; and
  - Additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alterations to capital assets that materially increase their value or useful life (not ordinary repairs and maintenance). 2 C.F.R. §200.12.

#### **Inventory Procedure**

- 1. Approval for purchases is notated through email notification, or when needed by a vendor, on Purchase Order forms after verifying the funds are available through the CFSGA and the GRA; only items approved in the CFSGA will be considered for purchase. Specific funding sources must be identified prior to approval.
- Once an order or a signed Purchase Order is submitted to a vendor, the original order or PO and a copy of the invoice and packing slips are submitted to the Business Manager upon delivery. Records are stored in the office of the Business Manager, and electronically.
- 3. Upon receipt of new items, the principal, or the designated receiving staff, will inspect the inventory to ensure it's in good condition and that it matches the item specified on the purchase order and invoice. The invoice is delivered to the Business Manager who enters the information into accounting records (property management system).

#### Inventory Records

The inventory file is stored in the Public Charter School's data files. As new items are purchased, they are added to the inventory. The written inventory includes the following information: Item Name, Item Description, Item Location, acquisition date and cost of the item.

#### Physical Inventory

Once a year, in May, the written inventory is printed and all items are catalogued by the principal or their delegate. Maintenance of Equipment In accordance with 2 C.F.R.313(d)(4), Public Charter School maintains adequate maintenance procedures to ensure that property is kept in good condition.

#### Lost or Stolen Items

- Public Charter School maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property.
- Computing devices stored in areas that can be locked and/or stored in a locked classroom. Computing devices must be checked out by a certified teacher or

paraprofessional and to be used within the school building only and are not allowed to be taken off-site.

 If the equipment is lost or suspected to be stolen, the business manager is notified. If the device is suspected to be stolen, the administrator is also notified in order to launch an investigation into the stolen device. The administrator would conduct interviews and file a police report if necessary. The lost/stolen property will remain listed in the inventory until the close of the school year.

#### Disposal of Equipment

The Business Manager will identify the fair market value of the item(s) to be sold. The Business Manager and Administrator will set a price range in which the item(s) can be sold. The Business Manager will handle the sale of the unneeded equipment. The number of offers received must be greater than 3 (if lower than the asking price). If a full price offer is received, one offer is sufficient.

#### **School Property**

#### Real Property

Prior to acquiring real property, such property will be appraised by an appraiser certified in the State. The appraised value will be used to establish the fair market value of the property. If the Board is purchasing a site for educational purposes, such building site will be located within the boundaries of the city limits, unless, by resolution of the Board, it is determined that it would be in the best interest of the Public Charter School to acquire a site outside the city limits, but within the boundaries of the Public Charter School.

#### Personal Property

The Public Charter School may purchase personal property as deemed necessary for the effective operation of the Public Charter School by any means deemed appropriate when the expenditure of funds will be less than \$50,000. When the purchase of personal property (except for curricular materials) is reasonably expected to cost \$50,000 or more, the Public Charter School will obtain a minimum of three quotes. Purchases over \$100,000 require a formal competitive bid process outlined in statute.

#### Construction of School Property

The Public Charter School may enter into contracts for construction of school property as deemed necessary for the effective operation of the Public Charter School by any means deemed appropriate when the expenditure of funds will be less than \$50,000. When the construction of school property is reasonably expected to cost fifty thousand dollars (\$50,000) or more, the Public Charter School will obtain a minimum of three quotes.

#### Tax-Exemption

All Public Charter School property used exclusively for educational purposes is tax-exempt.

#### Travel Costs Under Federal Award

#### General

Travel costs include expenses for transportation, lodging and food, and related items incurred by employees who travel on official business under a federal award. Such costs may be charged on an actual cost basis, or on a per diem mileage basis, or on a combination of the two, provided the method used is applied to the entire trip and not selected days of the trip.

#### Types of Travel

#### In-Area

Public Charter School employees and Administrators will be reimbursed for actual and necessary expenses incurred within the charter school area while attending to charter school business. Actual mileage driven for preapproved in-area travel will be reimbursed. It is the responsibility of the Board to review travel by the Administrator within the Public Charter School area.

#### Out-of-Area

Travel outside of the Public Charter School area must be pre-approved. Administrators will obtain Board approval prior to incurring out-of-area travel expenses, while employees will obtain prior approval from the Administrator. Public Charter School employees and Administrators will be reimbursed for actual food expenses, not to exceed IRS established per diem rates, for out-of-area travel requiring an overnight stay. Public Charter School employees and Administrators will also be reimbursed for actual and necessary non-food expenditures.

#### Lodging and Subsistence

Costs incurred by employees, Administrators and Board members for travel, including costs of lodging, other subsistence, and incidental expenses, will be considered reasonable and otherwise allowable only to the extent such costs do not exceed charges normally allowed by the Public Charter School in its regular operations. If these costs are charged directly to the federal award, the charter school will maintain documentation justifying the following:

- 1. The participation of the individual is necessary to the federal award; and
- 2. The costs are consistent with this policy and any related procedures.

Temporary dependent care costs above and beyond regular dependent care that directly results from travel to conferences are allowable provided that:

- 1. The costs are a direct result of the individual's travel for the federal award;
- 2. The costs are consistent with this policy and any related procedures; and
- 3. The costs are temporary, lasting only during the travel period.

Travel costs for dependents are not allowable, except for travel of a duration of six-months or more with prior approval of the federal awarding agency

#### Commercial Air Travel

Airfare costs which exceed the basic, least expensive unrestricted accommodations class offered by commercial airlines are not allowable except when such least expensive accommodations would:

- 1. Require circuitous routing;
- 2. Require travel during unreasonable hours;
- 3. Excessively prolong travel;
- 4. Result in additional costs that would offset the transportation savings; or
- 5. Offer accommodations not reasonably adequate for the traveler's medical needs.

#### Documentation of Expenses

Expenses not in compliance with this policy will not be reimbursed nor paid for by the Public Charter School. Prior to reimbursement of actual and necessary expenses, the charter school employee or Administrator must submit a detailed receipt indicating the date, purpose, and nature of the expense for each claim item and the appropriate travel expense or voucher form. Expenses requiring prior approval must also include a copy of the written prior approval. Employees will submit their receipts, travel expense and voucher forms, and documentation of prior approval, where necessary, to the Administrator. The Administrator will submit such documentation to the Board. Failure to provide a detailed receipt will make the expense non-reimbursable. In exceptional circumstances, the Board may allow a claim without a proper receipt. Written documentation explaining the exceptional circumstances will be maintained as part of the charter school record of claim. The Board directs the Administrator to promulgate procedures specifying which expenses will be reimbursable for travel of different distances and durations.

#### Time and Effort Documentation

Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. Such work must be documented as delineated in the Code of Federal Regulations.

#### Conflict of Interest

No employee will make any purchase or incur any obligations for or on behalf of the Public Charter School from any non-governmental private business, contractor or vendor in which or with which the employee has a direct or indirect financial or ownership interest.

Purchases or contracted services from any non-governmental or private business or venture in which any employee of the Public Charter School has a direct or indirect financial or ownership interest will be made on a competitive bid basis in strict accordance with the following procedures:

 The interested employee, business, contractor, or vendor will seek, in writing from the Administrator, a clarification of this policy stating the transaction at issue. The interested employee, business, contractor, or vendor will fully disclose, in writing, the employee's exact relationship to the business, contractor, or vendor;

- 2. Upon written clarification from the Administrator, which will include written specifications to be followed in advertising for bids, the affected business, contractor, or vendor may submit a bid in compliance with the specifications outlined by the Public Charter School
- The interested employee will not be involved in any part of the bidding process including, but not limited to, preparing specifications or advertising, or analyzing or accepting bids.
- 4. It will be the duty of each employee, to the best of his/her knowledge and belief, to disclose in writing to the Administrator his/her financial or ownership interest in any business or other purchase arrangement with the Public Charter School; and
- 5. This policy will apply to any organization, fund, agency, or other activity maintained or operated by the Public Charter School.

No employee will solicit gifts, gratuities, favors, prizes, awards, merchandise, or commissions as a result of ordering any items or placing any purchase order with a business, contractor or vendor on behalf of the Public Charter School, nor accept anything of monetary value from a business, contractor or vendor except for unsolicited gifts of fifty dollars (\$50) or less in value.

In addition to the conflicts of interest outlined above, no employee or Administrator of the Public Charter School may participate in the selection, award, or administration of a contract supported by a federal award if he/she has a real or apparent conflict of interest. Such conflicts of interest include instances where any of the following has a financial or other interest in or a tangible personal benefit from a firm considered for a contract:

- 1. The employee or Administrator;
- 2. Any the employee's or Administrator's Relatives;
- 3. The employee's or Administrator's Partner; or
- 4. An organization which employs or is about to employ any of the parties listed above.

The following activities are prohibited:

- 1. The purchase during the school day of any food or service from a Public Charter School contractor or vendor for individual use;
- 2. The removal of any food, supplies, equipment, or school property without proper authorization: and
- 3. Individual sales by Public Charter School employees of any school property, including used items.

Any Public Charter School employee or Administrator who violates this policy may be subjected to disciplinary action including, but not limited to, a fine, suspension or termination. Violations of law will be referred to local, State, or federal authority having proper jurisdiction.
