MINUTES of the meeting of the BOARD OF DIRECTORS of SOMERSET ACADEMY OF LAS VEGAS July 20, 2020

Board of Directors of Somerset Academy of Las Vegas held a public meeting on July 20, 2020 at 6:32 p.m. at 4491 N. Rainbow Blvd, Las Vegas NV 89108 and via Zoom meeting.

1. Call to Order and Roll Call

Board Chair John Bentham called the meeting to order at 6:02 p.m. In attendance were Board members John Bentham, Cody Noble, Will Harty, and LeNora Bredsguard (via Zoom).

Board members Sarah McClellan and Travis Mizer were not present at this meeting.

Also present were Principal Lee Esplin, Principal Cesar Tiu, Principal Christina Threeton, Principal Jessica Scobell, Principal Elaine Kelley, Principal Kate Lackey, and Principal Ruby Norland; as well as Academica representatives Crystal Thiriot, and Ryan Reeves.

2. Public Comment

Written public comment was received from Tara Crammer, Amy Peterson, and Skyler Stephens; the written public comments were distributed to the Board members and are attached to the minutes. Public comment was made by the following individuals regarding concerns with possible reopening plans: Apryl Schulman, Elizabeth Lytle-Martinez, Pamela Smith, Jennifer Schmidt, Kathryn Herbert, Dineen Harmych, and Skylar Stephens.

3. Consent Agenda

- a. Minutes from the June 20, 2020 Strategic Planning Meeting
- b. Approval of Revised Somerset Wellness Policy
- c. Approval of Revised Meal Charge Policy

Member Harty moved to approve the consent agenda, as presented. Member Bredsguard seconded the motion, and the Board voted unanimously to approve.

4. Acknowledgement of Gary McClain's Resignation from the Board of Directors and Possible Action Regarding New Board Member Search

Member Bentham thanked Member McClain for his service to Somerset which included his dedication to Somerset before and during his time serving on the Board. Member Bentham stated that a search for a new Board member was needed and asked Ms. Thiriot to proceed with a search similar to the previous two Board member searches.

5. Discussion and Possible Action to Approve the 2020-2021 School Year Reopening Plan

Member Bentham stated that the principal cohort had worked diligently on creating the reopening plan and acknowledged that it would not be possible to please all of the stakeholders with any decision on reopening. Member Bentham asked Mr. Reeves to address the legal question that had been raised during public comment. Mr. Ryan Reeves addressed the Board and reviewed Governor Sisolak's Emergency Directive which was issued on June 9, 2020. In the directive school buildings were allowed to reopen under Phase 2 restriction with classrooms capped at no more than 50% of capacity and no more than 50 people per room. Mr. Reeves stated that each district and charter school was required to submit a Board approved reopening plan; adding that the plan should contemplate school year instruction offered through: 1. distance education under an approved Path Forward Program of Distance Education; 2. in-person instruction following strict social distancing protocols; or 3. a combination of distance education and in-person instruction. Mr. Reeves noted that the directive allowed for any of the three options listed.

Principal Lee Esplin addressed the Board and reviewed the process for developing the reopening plan. He stated that the principals had started the process in June with surveys sent to the staff and community. At the time of the surveys 91.75% of people wanted the students back in school. He stated that the leadership teams felt that it was important for the students to meet with teachers in order to build the foundational skills. Principal Esplin outlined the plan as developed which included half day in person learning, with half of the students attending in the morning and half attending in the afternoon. He stated that the Sky Pointe campus had opted for two full days per week of in person learning for 8th through 12th grades. Principal Esplin further explained that, although masks would not be required for K-4th grades, they would be encouraged. Finally, Principal Esplin noted that the plan had been developed before the State COVID-19 numbers had increased.

Member Harty stated that, with the diverse group of parents and families, it would not be possible to please everyone; adding that he supported the plan presented by the administrators. Member Noble stated that there were a number of concerns expressed through public comment regarding the plan. He stated that he would like to hear discussion from the principals on the following points: the three-hour block versus every other day; whether everyone should attend school online; why online learning was not an option for all students; concerns about masks for younger children; what would happen if someone tested positive; and what would happen if a teacher became sick.

Principal Ruby Norland addressed the Board and stated that the thought process of the principals when creating the plan had been to focus on what was best for the learning of the children. They had determined that with the am/pm plan the teachers would be able to see the students every day, which was the preference indicated in the survey results; adding that the principals were confident that a lot of learning could take time during the three-hour time frame

with a maximum of 13 students per classroom. Principal Norland acknowledged that, with Nevada now considered a red-zone state, the circumstances may need to be reassessed; however, the main concern of the administrators was providing a stable learning environment for the 2020-2021 school year. Member Noble asked if the principals were considering other options than those presented in the plan. Principal Norland stated that she was sharing her concerns and thoughts about providing the best learning environment for the students with the changes occurring in the State.

Principal Elaine Kelley addressed the Board and stated that the original thought plan of the principals had been to develop a plan that would work best for the majority of the students and staff; adding that, with increased positive cases, all virtual was the only way to guarantee the health and safety of all of the students and staff. Principal Esplin stated that, although online school was not the best option for the education of the students, based on current conditions it should be considered. Member Bentham asked for clarification on the differences between online and the proposed plan. Principal Esplin stated that, although it would be different, the teachers would still be live with the students every day during the assigned time and the students would be required to be in uniforms. Member Bentham asked about a timeline for online learning, to which Principal Esplin replied that the goal should be for at least a complete quarter.

Member Bredsguard thanked the principals for the time and effort required to create the reopening plan. She noted that the plan only provided an online option for students who could provide medical documentation and asked if it could be expanded to include families regardless of documentation, to which Principal Esplin replied in the affirmative. Member Bredsguard stated that she was concerned with the ability to clean sufficiently with the proposed plan. Principal Esplin stated that each classroom would have the previous number of desks, each student would be assigned to a desk to eliminate overlapped use. He further explained that, in addition to regular cleaning, there was a product that could be sprayed on surfaces that would create a barrier that would kill viruses with a lifespan of up to three months.

Member Bredsguard asked how the plan would limit the exposure for specialists who would be seeing more students than regular teachers. Principal Kelley stated that options had been discussed at the Aliante campus and a plan was developed that would minimize risk and exposure by limiting the number of students a specialist was in contact with in a short amount of time, ensuring cleaning was taking place and materials were not shared from student to student; adding that the students would not be traveling in the hallway. Member Bentham asked how a student with a IEP would have their needs addressed. Principal Kelley stated that the special education teachers were working with the Academica special education director and assistant director to develop a model to ensure that the students' needs were met.

Member Harty asked if a hybrid plan would meet the State requirements. Mr. Reeves stated that if the plan presented was approved it would allow for distance education, in person leaning, or a combination of the two. He stated that if approved by the Board and the State any combination of the plan, including going to an all online option, could be used as needed. Mr. Reeves noted that the Governor's directive stated that schools must comply with any quarantine and social distancing

requirements of the CDC; adding that, with 9500 students, it was likely that there would be positive cases among the students.

Principal Christina Threeton addressed the Board and noted that the plan had been developed to comply with the 50% capacity requirement and that the principals felt it was important to have the students on campus every day; adding that they would also be ready to go virtual if needed. Principal Threeton noted that the uniform requirement had received a lot of attention and stated that uniforms were a Somerset standard. When the students were wearing uniforms they were mentally ready to learn and were part of the community.

Principal Lackey addressed the Board and stated that she felt strongly that the students would learn best in the school setting; however, the plan would allow for families to choose online learning. She expressed concern for the students' social and emotional health in an all online environment. Member Noble noted that the plan required medical documentation to request all online learning and asked for confirmation that any family could choose that option. Principal Lackey confirmed that all of the principals would allow any student to opt for all online learning; adding that the wording in the plan could be adjusted for clarity. Member Noble asked if the campuses had the equipment necessary to provide all online learning. Principal Lackey stated that part of the funding from the CARES/ESSER grant had been earmarked for equipment for online learning.

Principal Jessica Scobell addressed the Board and stated that, during the spring shut down, the Losee campus had struggled to provide technology to the students in need. With the half day model those students would receive daily in person instruction. She was also concerned that many students relied on school for their meals which might be difficult to distribute without in person learning. Principal Scobell noted that she was surprised that 20% of the Losee families had opted for the online only plan. She asked that, if the Board decided on an online only plan, it be for a complete grading cycle. Member Bentham noted that another concern to consider was that, without in person school, cases of abuse and mental health issues would not be addressed. Principal Scobell agreed and noted that all of the principals had ensured that the school social workers continued to be involved with the students; however, not all students were familiar with the services provided.

Principal Cesar Tiu addressed the Board and stated that he also had mixed emotions about online learning versus in person learning due to the change is circumstances. He stated that consistency provided the best atmosphere for learning. Principal Tiu further stated that, whatever platform was approved, the Somerset system would embrace it and provide a quality education for the students.

Public comment was made by the following individuals regarding concerns with possible reopening plans: Mykle Lee, Jayd Rowles, Julie Ann Usiak, Maggie Pezzullo, Michelle Moskos, Carlos Saucedo, Amber Lewis, Stacy Holland, and a parent in attendance. Comments from Delfina Simpson and Angelina Pineda were read.

In response to a concern during public comment, Principal Lackey stated that if a child became sick the school was directed to call the SNHD and get their immediate recommendation based on the case; adding that, when previous cases of norovirus had affected the schools, SNHD had been contacted for recommendations. Principal Esplin responded to some of the issues raised during the public comments. In response to the possibility of having one campus as an online only campus, he stated that it would be difficult on the families from that campus who opted for in person learning. In response to delaying the start date he replied that, without know when things might improve, it was not possible to determine a better start date; adding that any changes to the calendar needed State approval. Member Bredsguard noted that a one week delay would be in line with other system and the school district while allowing for additional teacher training. Principal Esplin stated that they had determined to use part of the professional development days before school started and the remainder during the school year.

In response to weekly virus testing of all students Principal Esplin replied that it would be very time consuming and leave little time for actual instruction. He stated that, at the Sky Pointe campus, the cleaning company would be providing documentation regarding the cleaning products and schedule. Member Bentham noted that one concern was regarding special education, which had been addressed during the previous discussions. Member Noble noted that one of the questions asked during public comment was if the school be able to convert to in person if they started with all virtual learning. Principal Esplin replied that the reopening plan included the option to return to in person learning; adding that he would suggest that any change from virtual to in person be made at the end of a quarter or semester. Member Noble noted that another concern raised during the public comments was if a student would fall behind if they became ill. Principal Esplin replied that with remote live instruction a student could continue receiving instruction while in quarantine.

Mr. Reeves stated that the reopening plan presented by the principals contained a blended learning program with the option for parents to select all virtual learning; adding that the Board could include instruction in the motion to make it an all virtual start for the school. Member Bredsguard stated that the motion would also need to include language allowing for anyone to select the all virtual model regardless of medical documentation. Principal Scobell stated that the plan stated that students who opted for cohort C would need to commit for a quarter; however, if a student became sick with Covid and were precluded from coming to school they would have the opportunity to go virtual until they were able to return in person. She stated that while the principals wanted to be flexible they had to think about staffing requirements for in person and virtual instruction.

Member Bredsguard moved to approve the original presented reopening plan with an amendment to include a cohort C for online learning for any families that feel it is the best option for their child, without documentation for vulnerabilities being required.

Member Noble asked to have include a secondary motion with the option for principals to switch to all online learning for a quarter or semester, based on the current conditions. Principal Esplin stated that he would prefer that the Board determine if the system were to go all online. Discussion ensued regarding all online learning. Member Noble requested that the motion include an initial phase of all online learning for the first quarter with a reassessment at the end of the quarter to determine the school would continue with all online or move to a blended plan.

Member Bredsguard moved as previously stated with the addition of the initial phase as online learning for the first quarter, to be reassessed at the end of the quarter. Member Noble seconded the motion.

Mr. Reeves asked for clarification from the Board as to whether the building would remain open for teachers and include an option for individual students to be able to attend for one on one assessments or meetings as needed. Member Noble stated that the Board's action tonight should not prohibit that. Member Bredsguard agreed, as long as CDC guidelines were followed. Member Harty stated that he would be opposed to the motion as stated; adding that he preferred an in classroom instruction option.

Member Bentham opened the floor to a vote and the Board voted 3 to 1 to approve, with Member Harty voting in opposition.

6. Discussion and Possible Action to Revise the 2020-2021 School Year Calendar

Member Bentham stated that the calendar had been adjusted to return to school on August 17, 2020 with one data day removed later in the school year.

Member Noble moved to approve the revised 2020-2021 school year calendar. Member Harty seconded the motion, and the Board voted unanimously to approve.

7. Review and Acceptance of CARES/ESSER Funding

Ms. Thiriot stated that CARES/ESSER grant provided funds for PPE and technology for schools. Member Noble asked what restrictions would be placed on the funds. Ms. Thiriot stated that the award contained some restrictions; however, the money would be spent within those restrictions and the funds would not need to be repaid.

Member Noble moved acceptance of CARES/ESSER funding. Member Bredsguard seconded the motion, and the Board voted unanimously to approve.

Secretary of the Board of Directors

Dear Somerset Academy Board of Directors,

I am writing to request your help regarding the proposed return to school guidelines. I understand that the Board will vote on July 20th, and I would like to send a brief message for your consideration before the vote.

I can only imagine the difficulty that schools are facing when attempting to devise a plan for this semester, which keeps our students and staff as safe as possible, while meeting the Governor's guidelines. I have been working in administrative positions for the past 15 years and understand that there's no way to make everyone happy.

So, my request is that Somerset schools consider replicating the schedule adopted by CCSD. Specifically, I am requesting that our children attend 2 days per week, and have the other 3 off for distance learning rather than having children attend Monday-Friday for 3 hours per day.

Speaking as a parent, who works full-time at a considerable distance away, my ability to secure childcare both before and after school each day is compromised. Allowing parents to take their children to one location each day (either school or childcare) is much easier than the logistics involved in a 3 hour school day. Additionally, while I have utilized Champions for childcare last year, Champions forces parents to pay for days that they may not use. For example, parents must select paying for 2 mornings or 5 mornings. So, If I only need help 1 day, I am paying for 2. This may seem petty, but the cost amplifies when considering morning and afternoon care, now with extended hours, and many parents may struggle with being able to afford this option.

In close, I certainly don't presume to have all of the answers, and understand the complex puzzle that must be assembled to meet everyone's needs. I simply ask to have a schedule that's in full days rather than 3 hour blocks.

Thank you for your time in reading this message and for considering my request.

Sincerely,

Tara Crammer

Hi Somerset Board-

Thank you so much for the time each of you spend volunteering to make our schools the best they can be. I just wanted to take a minute and express my gratitude for Somerset, our board and the administrations from all of our campuses. 2020 has for sure been a crazy year!

I am grateful for the time that has gone into listening to the parent surveys. The plan presented for our schools reopening is by far one of the best school plans I have seen. Phase 2 is for sure a difficult place to be as we are looking at returning to school. As we navigated 4th quarter I watched my children struggle with the lack of in person instruction and the social aspect school bring to them.

The 5 day a week $\frac{1}{2}$ day schedule allows so much for our students. It allows the in person instruction so needed, and the connection with their peers. It also allows the most flexibility to progress through the different phases our state will see in the coming months.

As you review the final opening plan and vote, please remember that our kids need this plan. Thank you for your time.

Amy Peterson
Somerset Lone Mountain Parent

Members of the Board,

I am Skylar Stephens, photography teacher at Sky Pointe. I would first like to say that I appreciate all the work and thought that has gone into the return plan. I know that these decisions have not been easy and that this is an unprecedented situation. I also appreciate how the final quarter was handled. We implemented changes quickly and I think the system was fair for teachers and students.

As my time is limited, I will hold my concerns about risks to students, as I am sure others will and have brought these concerns to your attention and focus solely on my concerns as a teacher. While I appreciate the return plan, I have some serious concerns about the risks it poses to the health and safety of the students and staff, especially those like myself, that have preexisting conditions and also might have family members at risk. In my situation I have asthma. When I get a common cold, it can last for months. I also have a daughter at home that has a rare immune disorder that causes physical and vocal tics, as well as cognitive impairment. This disorder is caused by repeated infections causing the body's immune system to attack itself. Her life has been turned upside down by this condition, including not being able to participate in school or spend time with friends. After 2 years of doctor after doctor not being able to diagnose her, we finally have a diagnosis. We are awaiting her treatment, which will be IVIG, a treatment for her immune system. She will be prone to infection and an illness like COVID-19 could be devastating. Even a minor infection could exacerbate her condition.

I am very concerned that the return plan that has been presented will put me and my family and my fellow teachers at undue risk. While there are safety precautions taken, I am concerned with a plan that brings students into close and frequent contact with at risk teachers. I understand our need to make the best possible and normal school day for the student, but I feel that this plan leans more towards being least restrictive rather than being the safest. While risk of infection for students is statistically low, risk for adults is unchanged. Recent studies suggest that while younger people are less likely to become seriously ill, children 12-19 are just as likely to spread the virus as adults. There are still many unknowns about transmission, that I feel my safety and that of my fellow staff members will be compromised.

As I am sure you are aware, the issue of returning to school has become a national political talking point. I have received hate and venom online for expressing my concerns. During this time I have spoken with many fellow educators across the country and I can honestly say that most if not all and serious reservations about returning to the classroom. As teachers we know what the classroom and school environment is like day to day. Teachers know mask wearing will be a constant discipline issue. If yonder pouch use is any indication, it will be a constant battle, especially given that the presented plan does not allow for outdoor breaks between classes. Students will remove masks in restrooms, in the hall when they think no one is looking, and when they are hanging out when they leave the building.

This job, while very rewarding, is also difficult. With so many things to consider such as state standards, behavior management, special needs, lesson planning, instruction, to name a few; adding the further concerns of mask wearing, sanitation, simultaneous online and in person instruction, may well be a bridge too far.

When speaking to my fellow educators there are many questions that have no easy answers, such as what happens if someone tests positive for COVID-19? If it is a student and they have attended 6 different classes, in 6 different classrooms, with 6 different teachers, then all 6 teachers, along with all students that attended those classes, would be obligated to self-quarantine under CDC guidelines. That would mean that we would need 6 substitute teachers or have all students transition to home learning for 14 days. This could potentially create an environment of constant opening and closing. This could create an unstable learning environment for all involved.

17

I understand our need to get back to normal, but a school environment with teachers wearing masks attempting to teach students both present and online, while being unable to sit next to each other or interact, is far from normal. In summary, there are too many variables and unknowns for an in-person model such as this to provide for safety. I suggest we begin school online full time to prepare and create clear expectations for our families. Our staff managed to put together a solid online program in a week this Spring. Imagine what we could do with more time. While it may not have been ideal, it was workable. If we used our resources to ensure all students were able to log in and participate, I am confident we can create a great educational experience.

As my time is limited, I have listed below questions and concerns that I and my fellow educators have. It is my feeling that with so many uncertainties, the current plan is unworkable and unsafe for at risk teachers..

Concerns and questions:

Many of our teachers and admin are above the age of 40 or at risk due to preexisting conditions.

Classrooms and Hallways are not large enough to space students far enough apart.

Students are allowed to opt out of mask wearing policy without a doctor's note.

Students will be eating lunch without a mask while in the presence of adults and students.

According to a new South Korean Study, children 12-19 are just as likely as adults to spread COVID-19.

Regular Bell schedule means that students will be passing from room to room too often.

5-minute passing periods are inadequate for disinfecting. Also it does not give adequate time for bathroom breaks with the proper amount of handwashing.

The schedule does not allow time for teachers to take breaks from prolonged mask use.

Teachers with elementary age children will be unable to transition children to daycare.

With half the students at home, hands on, demonstration-based teaching will be difficult as half the class will be present, and the schedules are not A and B days.

School network could not handle normal school traffic in the past, how will it handle all teachers streaming live video at once? Will the network be upgraded?

Air condition system is enclosed.

Summer heat will force PE class indoors.

Students are under no obligation to social distance outside of school, nor are the families.

What is our liability if a student gets COVID-19 and what is the school liability to a teacher that becomes ill?Will the teachers have to use their own days if asked to quarantine (even if they have no symptoms)?

Nevada is considered a "<u>red zone</u>" State by the White house COVID-19 task force.

Parent survey was taken when Nevada cases were low and the expectation was that the heat would slow down the virus. Has a new survey been conducted?

Extended school day and duties without extra compensation.

Substitute availability has been difficult under normal circumstances.

If a case is detected in a class, CDC guidelines suggest a 14 day quarantine. The quarantine alone would use almost all PTO days. Will all students be transitioned to home learning?

Will testing be available for teachers?

If there is a positive test, will teachers be required to be tested at their own expense?

With a vaccine likely by the end of the year, can we wait for live instruction until then to resume live instruction?

MINUTES

of the meeting of the SOMERSET ACADEMY OF LAS VEGAS FINANCE COMMITTEE September 11, 2020

Somerset Academy of Nevada Finance Committee held a public meeting on September 11, 2020, at 12:00 p.m. via Zoom meeting.

1. Call to order and Roll Call

Committee Member Will Harty called the meeting to order at 12:01 p.m. In attendance were Committee Members Jill Dayne, Will Harty, and Travis Mizer.

Committee Member Travis Mizer was not present.

Also present were Principals Kate Lackey, Elaine Kelley, Cesar Tiu, Christina Threeton, and Ruby Norland; as well as Somerset Governing Board members John Bentham and Cody Noble. Academica representatives Crystal Thiriot, Marc Clayton, Matt Padron, Ryan Reeves, Gary McClain, and Jen Ranney were also in attendance.

2. Public Comments and Discussion

There was no public comment.

3. Review and Approval of the Minutes from the May 26, 2020 Finance Committee Meeting

Member Harty moved to approve the minutes from the May 26, 2020 Finance Committee meeting. Member Dayne seconded the motion, and the Committee voted unanimously to approve.

4. Review and Discussion of Somerset Academy Financial Performance

Mr. Marc Clayton addressed the Committee and reviewed the financial performance through June 30, 2020 as contained in the support materials. He stated that the financials presented would be the financials that the auditors would be using; adding that the audit should be available for the October Board meeting for approval. He reviewed the Current Ratio, Unrestricted Days Cash on Hand, Enrollment Forecast Accuracy, Total Margins, Debt to Asset Ratio, Cash Flow, and Debt Coverage Ratio; he noted that they all met standards. Member Mizer asked if quarterly audits were still required, to which Mr. Clayton replied in the negative.

Mr. Clayton noted that there was a favorable variance of \$7.3 million, which was attributed to budgeting at 95% and increases grant revenue. Member Mizer asked if funding had been affected by COVID, as expected. Mr. Clayton replied that the 2019-2020 funding was not decreased and the 2020-2021 DSA was not anticipated to decrease. Ms. Crystal Thiriot addressed the Committee and asked if the

local portion of the funding had decreased. Mr. Matt Padron addressed the Committee and stated that the budget would be reviewed on the next agenda item; adding that, although a decrease was not anticipated, the budget was conservative regarding the local portion.

Mr. Clayton stated that the net income for the year was \$6.6 million, which was \$6.1 million favorable compared to budget; adding that a portion was due to interest expense. Member Harty noted that Somerset had a 9% surplus which would help support the teacher retention bonuses.

5. Review and Possible Action to Recommend Approval of Budget for the 2020/2021 School Year

Mr. Padron reviewed the budget, noting that per pupil funding assumed a \$68 increase in the State portion and a conservative estimate of the local portion. Enrollment was 98% of the revenue. The Academica 10% fee reduction and payroll fee donation was included in the revenue. He noted that the retention and holiday bonuses had been included. Mr. Padron stated that ten extra days of substitute teachers was included due to COVID and custodial supplies had been increased to cover the sanitation needs related to COVID. The budget would provide a 1.8% surplus budgeted at 95% enrollment.

Member Harty asked if this was the final revised budget or if there would be an additional budget presented to the Board. Mr. Padron replied that this was version two of the second budget and the final revised would be presented in October.

Member Dayne moved to recommend approval of the 2020/2021 budget to the Somerset Board. Member Harty seconded the motion, and the Committee voted unanimously to approve.

- 6. Review and Possible Action to Recommend Acceptance of Grant Funds for the 2020/2021 School Year from:
 - a. CTE Competitive
 - b. CTE Allocation
 - c. Social Worker
 - d. CCR-AP
 - e. School Safety School Improvements
 - f. AB309
 - g. Title II
 - h. Title IV A
 - i. Title I Losee
 - j. Title I North Las Vegas
 - k. SPED Part B
 - l. AB3

Member Harty asked for confirmation that the grant funds did not include any unusual stipulations. Ms. Thiriot stated that she was not aware of any unusual stipulations and Principal Elaine Kelley addressed the Committee and confirmed.

Member Harty moved to recommend acceptance of grant funding as listed. Member Dayne seconded the motion, and the Committee voted unanimously to approve.

Ms. Thiriot noted that Somerset was fortunate to receive the grant funds and was helpful in purchasing the needed technology and PPE equipment.

7. Review and Possible Action to Recommend Approval of Revised Maximum Enrollment for the 2020/2021 School Year

Ms. Thiriot stated that the North Las Vegas enrollment had been adjusted from 1245 to 1226; adding the adjustment had been in 7th and 8th grades. The 11th grade for Losee had also been adjusted. Member Harty noted that, although some enrollment items needed full Board discussion, he was comfortable with the Finance Committee recommend this revision; adding that if any Board members requested, it could be pulled from the consent agenda.

Member Dayne moved to recommend approval of the revised maximum enrollment for the 2020/2021 school year to the Somerset Board. Member Harty seconded the motion, and the Committee voted unanimously to approve.

8. Review and Possible Action to Recommend Approval of Retention Bonuses

Member Mizer stated that it was important to provide bonuses, if possible, to the teachers. Member Harty asked for the total bonus amount. Mr. Padron noted that the retention and the holiday bonuses that had been included in the budget totaled just under \$705,000. Member Mizer asked that the principals communicate to the teachers that the Board was doing all that they could to provide bonuses and raises; however, there was the possibility that COVID could affect the funding in the future.

Member Harty moved to recommend approval of the retention bonuses, as presented. Member Dayne seconded the motion, and the Committee voted unanimously to approve.

9. Review and Possible Action to Recommend Approval of Vendor for Carpeting at the Lone Mountain Campus from the Following: 1) Thomas Floor, 2) Robert Roof and Floor, and 3) Floor Works

Mr. Gary McClain addressed the Committee and stated that the bids for the carpeting included all of the carpeting except the office flooring. He noted that Robert's Flooring was the least expensive and that they had been used before in other schools; adding that the carpeting would be paid from bond funds. Member Dayne asked if it was the same company that had provided the carpeting at Skye Canyon. Mr. McClain stated he was not sure who had provided the carpet at Skye Canyon; however, the company had replaced the carpeting at Stephanie. He noted that the replacement would be carpet tiles which would negate the seam issues that were seen at other campuses. Discussion ensued regarding the timing of using of bond funds. Principal Tiu addressed the Committee and stated that the carpeting was in need of replacement. Mr. Padron stated that the money had been set aside from the bond funds.

Member Dayne moved to recommend approval of Robert Roof and Flooring as the vendor for the carpeting at the Lone Mountain campus. Member Harty seconded the motion, and the Committee voted unanimously to approve.

10. Review and Possible Action to Recommend Approval of Vendor for Playground Resurfacing at the North Las Vegas Campus from the Following: 1) Green Living Services, 2) Evans, and 3) No Fault (Park Pro)

Mr. McClain stated that the full surface of the playground needed the top layer of rubber replaced; however, the recommendation was to replace the two west playground areas at this time. He noted that the kindergarten play area was in the leased portion of the building. With children not in the building it was hard to justify the replacement; however, the kindergarten area was non-compliant. Member Harty asked if there would be a difference in cost if the areas were done separately. Mr. McClain stated that there might be a difference of \$4000.

Member Harty moved to recommend approval of Green Living Services as the vendor to replace the west playground areas, as presented. Member Dayne seconded the motion, and the Committee voted unanimously to approve.

11. Review and Possible Action to Recommend Approval of Janitorial Vendor from the Following: 1: Magic Brite, 2) Windy, 3) ABM, 4) Brilliant, 5) Merchants, 6) Interstate, 7) Marsden, 8) RNA, 9) Vanguard, and 10) Janicrew

Mr. McClain stated that Magic Brite was the low bidder and a representative from each campus had been included in a call with Magic Brite to review the bid. The campus representatives had a good discussion and were able to ask questions to ensure that they were comfortable changing to Magic Brite as the janitorial vendor. Member Mizer asked if Magic Brite would provide supervision at each campus. Mr. McClain stated that each campus would have a team lead with regular supervisor visits; adding that the principals had included that question during the meeting. Principal Tiu stated that most of the principal's questions had been answered. Mr. McClain explained that Sky Pointe was currently under contract for janitorial services and was not included in the bidding process.

Member Mizer asked if the contract included a thirty-day termination notice. Mr. McClain replied that they could terminate the contract without cause with a thirty-day notice. Principal Ruby Norland addressed the Committee and stated they she had expressed concern that Magic Brite had not worked in a school environment in the recent past; however, with the thirty-day clause, she was willing to work with the company in order to save money at this time.

Member Dayne moved to recommend approval of Magic Brite as the janitorial vendor for Somerset Academy. Member Harty seconded the motion, and the Committee voted unanimously to approve.

- No Fault reserves the right to utilize No Fault Crews or No Fault Certified (sub-contracted) Installers.
- No Fault is NOT responsible for arranging and paying for the Field Test Requirements of ASTM F3313-19 if necessary.

NOTE: ALL COLORS WILL FADE. While a normal amount of color fading can be expected on all colors, especially in outdoor use, accelerated color changes can occur on "special" colors, including but not limited to eggshell, purple, gray, green & blue. In addition, all colors may "Amber". Ambering is a temporary discoloration of the rubber that may occur immediately after installation. It is caused by a chemical reaction that is created when the polyurethane binder comes in contact with UV rays. The ambering is only on the top "skin" of the Color Layer & has no effect on the quality & integrity of your surface. It is most evident in warmer climate projects, but will fade with normal rainfall. This process can take weeks or even months.

NOTE: NFSS surface temperature will vary with the ambient temperature. Child care guidelines suggest that children should refrain from heat exposure. CPSC Guidelines suggest that a playground should be in a shaded location and that the customer is responsible for providing warnings that equipment and surfacing exposed to intense sun can burn. No Fault assumes no liability to such exposure of surfacing temperature as this should be monitored prior to use of surfacing. No Fault also assumes no liability to the expansion and contraction of the surfacing during freeze/thaw events.

Somerset Academy of Las Vegas

Janitorial Services Bid Process Summary

Objectives:

To secure quality bids via the public bid process by providing thorough specifications of services to the interested bidders.

To concisely and accurately present results of the bidding process; including management's recommendation as well as a staff's recommendation from the School Principal.

To support the Board of Directors in concluding this process by their selecting of a provider for each school.

Process Description:

Due to the current concerns surrounding school cleanliness and seeking continuous improvement of our processes, the Facilities Team of Academica Nevada worked to revise and enhance the past specifications used in previous bid processes for similar service. We added four options to better customize services. We enlisted the help of school administration to review the specifications prior to finalizing and distributing to bidders.

After the bid submittal deadline, we began compiling the data and preparing the support documents. We then met with each individual campus to discuss the prices, the specifications and any current concerns or compliments of their current providers. We were able to conclude the principal's preference based on those meetings

Recommendations: Approve as presented below; based on discussions with staff.

MINUTES

of the strategic planning meeting of the BOARD OF DIRECTORS of SOMERSET ACADEMY OF LAS VEGAS June 20, 2020

The Board of Directors of Somerset Academy of Nevada held a public strategic planning meeting on June 20, 2020, at 8:00 a.m. at 6630 Surrey St., Las Vegas, NV 89119.

1. Call to order and Roll Call

Board Chair John Bentham called the meeting to order at 8:11 a.m. In attendance were Board members John Bentham, LeNora Bredsguard, Sarah McClellan, Travis Mizer, Cody Noble, Will Harty, and Gary McClain.

Also present were Principals Lee Esplin, Cesar Tiu, Christina Threeton, Jessica Scobell (via Zoom), and Kate Lackey (via Zoom); as well as Somerset Academy Inc. representative Bernie Montero. Academica Representatives Crystal Thiriot, Ryan Reeves, Marla Devitt, and Victor Barroso were also in attendance.

2. Public Comment and Discussion

There was no public comment.

3. Approval of Minutes from the June 2, 2020 Board Meeting

Member Mizer moved to approve minutes of the June 2, 2020 board meeting. Member McClellan seconded the motion, and the Board voted unanimously to approve.

4. Report on Goals

a. All Schools to be 4 or 6 Stars by September 2022

Ms. Crystal Thiriot addressed the Board and stated that Ms. Jessica Barr was working with the principals to come up with five-year plans for each campus that would assess where they currently were, what their goals should be for growth, and what steps need to be taken to reach their goals. Principal Lee Esplin addressed the Board and reviewed the Sky Pointe plan which was included in the support materials. Ms. Thiriot stated that each school would complete a road map which would be forwarded to the Board when they were available.

Member Mizer asked how the Star ratings would be addressed with the school closure. Ms. Thiriot stated that a Federal waiver was issued for the 2019-2020 school year and Star ratings would not be issued. Mr. Ryan Reeves addressed the Board and stated that there were two possible approaches to future Star ratings. One scenario would be to create a two-year growth model using the testing from the end of the 2018-2019 school year. The other scenario would be to test at the beginning of the 2020-2021 school year and again at the end of the year to determine growth. Mr.

Reeves stated that the most likely scenario would be to use the two-year growth; adding that students who were new to the state would not be counted in the growth models.

Principal Christina Threeton addressed the Board and stated that it was predicted that there would be a one-year loss in data for MAPP testing. She stated that as soon as the MAPP testing was completed Ms. Barr would work with the schools to create a report card with the adjusted numbers. Discussion ensued regarding testing and growth measurements.

Member Bentham asked the Board members if they wanted to make any adjustments to the goal. Following discussion regarding methods to measure growth it was determined to continue with the goal with the option to revisit if the schools experienced extended closures.

b. Utilize Character and Leadership Programs in the schools by 2021-2022

Ms. Thiriot stated that she and Member Bentham had met with Leader in Me representatives to negotiate a system-wide price that would be affordable for all campuses. Member Bentham stated that the system-wide price included PD days. Discussion ensued regarding the benefits of implementing the program system-wide if the negotiation to make it affordable were successful. Principal Esplin explained that each campus could use creativity in the implementation to ensure that it fit the specific needs of each campus. Member Noble agreed and noted that the roadmap to 5 Stars was also unique to each campus. Member Noble stated that the Board's responsibility was to set the direction and allow the principals to implement the directive.

Member Noble moved that, as a Board, they adopt the Leader in Me program as the character and leadership program of our schools, give the principals the charge to implement with their campuses according to the circumstances of their campuses, pending successful negotiations with Leader in Me. Member Harty seconded the motion, and the Board voted unanimously to approve.

c. Become Financially Sound to Facilitate Increasing Teacher Pay and Facility Maintenance

Mr. Reeves reviewed a three year look at the four major budgetary categories as a percentage of the budget as shown in the support materials. He noted that the facility percentage was reduced over the three-year period from 14.58% to 14.53%, while the salaries and budget increased from 62.65% to 65.22%. Mr. Reeves stated that some of the growth in benefits came from the increase in the retirement fund contribution; adding that Somerset absorbed all of the increase while the district split the increase with the teachers. Member Bentham asked the principals if the teachers recognized that benefit. Principal Esplin stated that he communicated that information because it was a perk of the system he wanted them to understand.

Mr. Reeves referred to the support materials and reviewed the facility cost analysis, noting the three ways to look at the facility costs: the cost per square foot, the cost per pupil, and the percentage of the lease/bond payments as a percentage of the budget. Mr. Reeves stated that the North Las Vegas campus was the first Somerset campus and was acquired before Somerset had been established and proven as a strong system. After Somerset had been able to demonstrate that they were a strong system better financing and construction options became available. Mr. Reeves further explained that Somerset had purchased a portion of the North Las Vegas campus through bonds and were leasing the remaining portion; adding that the lease for the remaining portion

would expire in the summer of 2022. Discussion ensued regarding options for the future of the North Las Vegas campus, including a possible lease extension, a possible purchase of the leased portion, and looking into eventually being able to purchase a different site and building new. The members of the Board stated that it was important that every student who came into the system could stay in the system through graduation.

Mr. Reeves reviewed the State budget shortfalls caused by the pandemic and shutdown. He stated that more answers about the budget would be available after the special legislative session which should be held soon.

5. Review and Approval of a Revision to the Somerset Academy of Las Vegas Board of Directors Bylaws

a. Moving of Annual Meeting

Mr. Reeves stated that the first part of the revision would change the annual meeting from June/July to January/February; adding that it was difficult to confirm a quorum in June or July due to vacation schedules.

Member Harty moved to change the annual meeting to January or February. Member Bredsguard seconded the motion, and the Board voted unanimously to approve.

b. Adjustment and Clarification of Board Member Terms

Mr. Reeves explained that the Board member terms were intended to be staggered to ensure that the Board did not lose a majority of members in any one year. The term lengths had been confused over time due to an ambiguity of the term length for new members who replaced a member who had resigned. The intent was to have the new person fill the remainder of the member who had resigned; however, in practice, the new person was given a five-year term. Mr. Reeves further explained that the bylaws stated that a Board member was eligible to serve two consecutive standard terms, which also led to some ambiguity on how many years each member was eligible to serve.

Mr. Reeves referred to the chart in the support materials which showed possible scenarios for term lengths. One scenario would be for each member to complete the term of the previous member, or the term from the original drawing of terms, and then be eligible for two 5 year terms. This scenario would have total term lengths ranging from 11 ½ years to 14 ½ years. The second scenario would have each Board member eligible to serve two 5 year terms. The third scenario would have each member complete the term of the previous member and be eligible to serve one additional 5 year term. The final scenario would be similar to the third scenario with an adjustment for the members who were currently off-schedule to be re-elected for a 5 year term.

Discussion ensued regarding the scenarios and the advantages and disadvantages of members serving for long periods of time. Further discussion ensued regarding designating members who termed out as emeritus status who would retain priority seating but would not have a voting status. The Board determined to have the standing Board members serve under the first scenario and new members would serve for two 5 year terms and include an emeritus status for members. Mr. Reeves stated that he would revise the bylaws to include the requested changes.

6. Discussion and Possible Action Regarding Somerset Academy Administrative Leadership Structure

a. Review of Current Principal Cohort System

Mr. Reeves state that the leadership structure had changed from an executive director system to a principal cohort system. He explained that, after discussion at multiple Board meetings the Board had determined to move away from the executive director lead system and tasked the principals with bringing forward an administrative coordinator job description and candidate. Following the approval of the job description, the principals approached the Board asking to forego the administrative assistant position and allow the principals to work as a cohort. The Board approved to postpone the administrative coordinator position, in lieu of status checks at future Board meetings. The principal cohort designated one principal to serve as the lead principal, with her extra duties included in the support materials. Mr. Reeves noted that the Board did not approve a lead principal position or designate a principal to serve in that position; however, the principals had used that model during the 2019/2020 school year. The Board would now need to discuss the continuation of the principal cohort structure. If the principal cohort structure was to continue a process for designation of a lead principal would need to be discussed, as well as a compensation structure.

Member Bentham stated that a confidential survey of the principals had been conducted regarding the principal cohort and lead principal position. Overall the principals had enjoyed the cohort, with an average of four on a scale of one to five. All six of the principals who had worked under both leadership structures preferred the principal cohort to the executive director structure. Although the suggested amounts were different, all of the principals thought the lead principal should receive compensation. Member Bentham stated that, from his perspective as Board chair, the principal cohort structure provided a smoother year, with more honest communication from the principals. He noted that the principals felt more empowered to help each other and to call on each other for help.

Discussion ensued regarding lead principal/president structures and compensation in other charter systems. Member Bentham stated that, from attending the principal meeting and reading the comments from the surveys, it had been acknowledged that Academica had provided assistance to the principals as needed. He noted that some principals felt that they did not receive the mentoring they needed during the 2019-2020 school; adding that they also did not receive it under the previous leadership structure. Member McClellan expressed concern that the principal cohort system did not provide a leader to review data with the principals at the beginning of the year to determine a course of action to improve the schools. Mr. Bernie Montero addressed the Board and stated each Board member was over a campus in the system who could meet with the principal. Together they could meet with Mr. Goodsell, the Academica CFO, to discuss the budget; and with Ms. Barr, the Data Analyst, to manage and monitor the data.

Member Noble stated that, with the current financial situation, it might be best to make a decision for 2020-2021 and then open the discussion back up after the 2020-2021 school year when more financial information was available. Member Bredsguard stated that she liked the collaborative nature of the principal lead structure; however, she was concerned that without a lead principal job description the Board expectations might be unclear. Board members expressed concern regarding supervision and evaluation of principals under the principal cohort system.

Member Bentham noted that an Evaluation Committee had been created, with three Board members and Mr. Montero, to determine an evaluation system and to evaluate the principals. Discussion ensued regarding expectations for, and the responsibilities of, the lead principal.

Mr. Reeves pointed out that the Board was responsible for setting the mission, the vision, and the goals for the system and then to evaluate how the leadership fulfilled the goals. Member McClellan stated that the Board had an obligation to ensure that the campuses within the system were viable and that the correct administrators were in place to fulfill the goals. Member Noble expressed concern with delegating too much authority away from the Board and stated that he, and other Board members, had felt disconnected during the last school year. Member Bentham stated that he had felt more connected due to having each principal report during the Board meetings. Discussion ensued regarding extending the current structure for one year, with the Board appointing the lead principal from interested candidates, and then re-evaluating the leadership structure.

Member Mizer moved to move forward with the lead principal, the names will be sent to Ms. Thiriot for Board review; and there will be stipend to be discussed at a later time once the qualifications and job description are submitted. Member McClellan seconded the motion, and the Board voted unanimously to approve.

Discussion ensued regarding compensation for the lead principal position. Member Noble clarified that the Board should not provide a stipend for a lead principal position that had not been Board appointed and suggested wording the compensation for the 2019-2020 school year as a stipend for the extra work done during year.

Member Harty moved to approve a \$5000 stipend for Elaine Kelley for extra work done. Member McClain seconded the motion, and the Board voted unanimously to approve.

b. If Principal Cohort to Continue, Process for Designation of Lead Principal

This item was discussed in conjunction with item 7.a.

7. Discussion and Possible Action Regarding Structure of School Improvement with District Support

Mr. Reeves referred to the support materials and explained that an outline was included for the Somerset, Inc. provided support, structure, and plan for improvement of Star ratings.

8. Discussion and Possible Action Regarding Graduation Requirements

Principal Esplin stated that the Somerset standard for graduation was higher than the State requirements which resulted in some students leaving Somerset their senior year to attend a CCSD school to ensure graduation. Principal Scobell stated that the requirements could put some special education students at a disadvantage and might lead to a due process situation. Member Harty stated that he thought that Somerset had multiple diploma options available. Principal Esplin and Principal Scobell explained that there were three diplomas, standard, advanced, and advanced honors; however, all three had additional

core requirements that exceeded the State core requirements. Discussion ensued regarding the diplomas and the requirements for each.

Principal Scobell stated that every time a student that could graduate left to go to a CCSD school the graduation cohort was smaller; adding that the smaller the cohort the more one non-graduating student could affect the graduation rate. Mr. Montero stated that it was disheartening to have a student in the Somerset system leave during their senior year; adding that flexibility to review on a case by case basis and have the student and parent sign a waiver would help keep those students through graduation. Principal Esplin asked for clarification of either allowing a waiver or not allowing a waiver so that he could be confident the Board would back his decision if the student and parent appealed to the Board.

Member Noble expressed concern with setting a standard and then allowing a student to sign a waiver and not meet the standard. Member McClellan stated that, although she previously felt that Somerset should not lower any of the requirements, such as the 100 hours of service, she understood the need for flexibility; adding that it was important to consider the recruitment and retention of the Somerset student. Discussion ensued regarding adjustments to the Somerset standard. Member McClain noted that the question was whether the need to adjust standards was common enough to warrant a reduction in the requirement or an allowance for the principals to make case by case adjustments. Ms. Thiriot reviewed the graduation requirements for the Pinecrest system and noted that, while they allow a student to graduate if the State standards were met, they maintained an expectation for higher standards. Mr. Montero stated that the culture of the school would help encourage the students achieve the higher standard if they were capable. Discussion ensued regarding allowing students to graduate if the State standard was met but maintaining the expectation to achieve Somerset's higher standard.

Member Bredsguard moved that, as discussed, if a student meets the State standard for graduation, with the continuation of the 100-hour service requirement, they would be able to graduate. Member McClellan seconded the motion, and the Board voted 4-3 to approve, with Members Noble, Harty, and McClain voting in opposition.

9. Principal Evaluation Update and Presentation on Proposed Evaluation System

Ms. Thiriot stated that Evaluation committee elected officers with Mr. Montero elected as the Chair and Member Bredsguard as the Vice-Chair: adding that Member McClellan and Member Bentham were also on the committee. The committee would meet individually with each principal after they had performed a self-evaluation which would include data from Jessica Barr. Member Bentham stated that the Board could approve the evaluations in one motion or could decide to meet with the principals in a closed session. Discussion ensued regarding the possible evaluation criteria.

10. Discussion Regarding Governor's Declaration of Emergency Directive 022 Regarding School Reopening

Mr. Reeves stated that the Board would need to hold a meeting at least twenty days before the schedule start of school to approve the reopening plan. He reviewed the requirements for the plan, including maintaining social distancing, sanitizing the building, and providing distance education. Discussion ensued regarding current and future restrictions and guidelines. Mr. Reeves stated that the Somerset principals had conducted a survey for families that would be referenced during the creation of the plan.

11. Member Comment

Member McClain stated that he had attended a State Public Charter School Authority meeting with Principal Threeton. He noted that a trustee had recognized that the discussions in which the Somerset Board participated helped them to be a better Board because they were able to discuss differences and maintain unity.

12. Public Comment

There was not public comment.

Crystal,

We are hoping to begin saving our Special Education service logs digitally on a Google Drive. Sue Atwell was told this change must be approved by the Board. Can you look into this for me?

Sincerely,
Jessica M. Scobell

We are requesting that the below allow for a school to SAVE all services for students in Google Drive instead of printing and housing the information on campus. Services can be printed as needed.

This is directly from the Somerset Sped Policy and Procedure Manual Service Logs

2.5 Using the Documentation Form

Enclosed in this manual in appendix A is a documentation form that is to be used by all teachers, special education personnel, and any other employee responsible for the implementation of an IEP. Every student's teacher will complete the Service Log for each student with an IEP for whom they provide service. This Service Log is to be filled out daily. Bimonthly on the 2nd and 4th Friday by the end of the school day, each teacher, special education personnel, and any other employee responsible for the implementation of an IEP will print and file the Service Log in the student's Service Log Folder. The Special Education Facilitator will complete a compliance review on each student's Service Log Folder monthly beginning in August.

BYLAWS

OF

SOMERSET ACADEMY OF LAS VEGAS FOUNDATION

ARTICLE I INTRODUCTION; LEGAL STATUS

Section 1. <u>Name, Location and Address</u>. The name of the organization shall be Somerset Academy of Las Vegas Foundation (hereinafter referred to as the "Foundation"). The Foundation shall be a nonprofit organization incorporated under the laws of the State of Nevada.

ARTICLE II PURPOSE AND MISSION

Section 1. <u>Purpose and Mission.</u> The Corporation is organized exclusively for charitable and educational purposes within the meaning of Internal Revenue Code § 501(c)(3). The specific purpose of the Corporation shall be to provide funding exclusively to Somerset Academy of Las Vegas Campuses ("School") and it's Governing Board (hereinafter referred to as the "School Board") in support of programs and other educational pursuits which have not previously been funded or which can no longer be funded through the regular school budget.

Additionally, the purpose of the Corporation is to engage in any lawful act or activity for which corporations may be organized under Chapter 82 of the Nevada Revised Statutes, as limited by Chapter 388A of the Nevada Revised Statutes. Within the framework and limitations of the foregoing, the School is organized exclusively for one or more of the purposes as contemplated and specified in Sections 170(c)(2) and 501(c)(3) of the Internal Revenue Code.

ARTICLE III GOVERNING BODY

- Section 1. <u>Powers and Duties</u>. The business, affairs, and property of the Foundation shall be managed by an independent Board of Board Members (hereinafter referred to as the "Board"). Without limiting the general powers conferred by these Bylaws and provided by law, the Board shall have the following additional powers of:
 - (a) Perform any and all duties imposed on the Foundation collectively or individually by law or by these Bylaws;
 - (b) To make and change policies, rules, and regulations not inconsistent with law, or with these Bylaws, for the management and control of the Foundation and its affairs; to lease, purchase, or otherwise acquire, in any lawful manner, for and in the name of the Foundation, any and all real and personal property, rights, or privileges deemed necessary or convenient for the conduct of the Foundation's purpose and mission.

- (c) To enter into agreements and contracts with individuals, groups of individuals, corporations, or governments for any lawful purpose;
- (d) To develop and approve the annual budget and financial plan which shall be monitored and adjusted as necessary throughout the year;
- (e) To submit any and all documents to the state pursuant to statute and regulation;
- (f) To cause to be kept a complete record of all the minutes, acts, and proceedings of the Board;
- (g) To cause an annual inspection or audit of the accounts of the Foundation, as well as any other audits if required by law, to be made by an accountant to be selected by the Board, showing in reasonable detail all of the assets, liabilities, revenues and expenses of the Foundation and its financial condition.
- (h) To uphold and enforce all laws related to foundation operations;
- (i) To solicit and receive grants and other funding consistent with the mission of the Foundation with the objective of raising operating and capital funds;

Section 2. <u>Formation; Qualifications; Election; Tenure</u>. The Foundation was formed after the approval by the School Board and shall consist of no less than five (5) members and no more than nine (9) members which shall include:

- 1. Two board members of the Somerset Academy of Las Vegas Board;
- 2. The Executive Director or an Administrator of Somerset Academy of Las Vegas; and,
- 3. Four (4) additional members.
- (a) Board members shall fill all vacancies created by resignations or these Bylaws at the first meeting. A majority of Board Members shall be residents of the county in which the school is located. All Board members shall be devoted to the purpose and mission of the Foundation and shall represent the interests of the school and community.
- (b) The Board Members shall serve five (5) year terms. Board members may serve no more than two (2) five (5) year terms. Terms shall be staggered so that no more than one-half (1/2) of the Board shall be up for election in any one year, unless a vacancy(ies) must be filled. The Board shall establish the term for a newly elected President before the election, in order to stagger the terms of each member of the Board. To initially stagger the terms, for the founding board, two (2) Board Members will serve three (3) year terms, two (2) Board Members will serve four (4) year terms, and the remaining three (3) will serve the usual five (5) year term. Those Board Members who will serve the

three, four, and five year terms will be determined by lottery. When the term of a Board Member has expired or when a Board Member resigns, the remaining Board Members shall elect a new Board Member to fill the vacancy.

- (c) The Board shall develop an orientation and training program for new Board Members and an annual continuing program for existing Board Members.
- Section 4. <u>Annual Meeting</u>. The annual meeting of the Board shall be held in August of each year as the Board may determine. The annual meeting shall take the place of the regularly scheduled quarterly meeting. Written notice stating the place, day, and hour of the meeting shall be given personally or mailed to each member of the Board at least three (3) business days prior to the date fixed for the annual meeting. The annual meeting shall be for the purpose of electing officers and new Board members and for the transaction of such business as may come before the meeting.
- Section 5. <u>Regular Meetings</u>. The Board shall establish a regular day and place for regular meetings that shall occur no less frequently than once a quarter and shall be held in Clark County. Special meetings of the Board may be called at any time by the Chairperson or by a majority of the Board. The Board Members will receive the proposed agenda by email at least one (1) week prior to the scheduled board meeting.
- Section 6. <u>Agenda</u>. An agenda shall be produced for each regularly scheduled board meeting in order to provide effective and efficient meeting practice. In addition to previously requested agenda items, any Board member may provide additional agenda items for the following meeting via e-mail, fax, or regular mail to the Board Member responsible for creating the agendas. Any changes or additional agenda items must be forwarded to the Executive Director at least three (3) days prior to the scheduled board meeting. The final agenda will be sent to the Board Members two (2) days prior to the scheduled board meeting.
- Section 7. <u>Quorum.</u> A quorum at all meetings of the Board shall consist of a majority of the number of Board Members then in office. Except as provided specifically to the contrary by these Bylaws, the act of a majority of the Board Members in office shall be the act of the Board. Proxy voting is not permitted.
- Section 8. <u>Vacancies</u>. Any vacancy occurring in the Board may be filled by the affirmative vote of a majority of the Board Members at a regular or special meeting of the Board. A Board Member elected to fill a vacancy resulting from death shall be elected for the unexpired term of such person's predecessor in office and shall hold such office until such person's successor is duly elected and qualified. Any Board Member elected to fill a vacancy resulting from removal or resignation shall be elected for a new term.
- Section 9. <u>Committees</u>. The Board may designate from among its members, by resolution adopted by a majority of the entire Board, an Executive Committee, a Personnel Committee, a Finance Committee, an Academic Committee and one or more other committees, each of which shall consist of at least one (1) Board Member and which shall have and may exercise such authority in the management of the Foundation as shall be provided in such

resolution or in these Bylaws. The Board shall not be permitted to delegate their power to contract nor their budget making authority. Any delegated activity or decision making authority may be unilaterally revoked at any time.

- Section 9.1 <u>Fundraising Committee.</u> The Fundraising Committee will be comprised of one member of the Foundation board and a representative from each Somerset campus. This representative can be any employee or a parent of a student at that campus. This committee will be in charge of fundraising opportunities for the Foundation.
- Section 10. <u>Removal</u>. Any member of the Board may be removed by the affirmative vote of two-thirds (2/3) of the Board Members then in office, excluding the member at issue whenever, in their judgment, such removal would serve the best interests of the Foundation.
- Section 11. <u>Resignation</u>. A resignation by a Board member shall be effective upon receipt by the Chairperson of a written communication of such resignation.
- Section 12. <u>Participation by Telephone</u>. To the extent permitted by law, any member of the Board or committee thereof may participate in a meeting of such Board or committee by means of a conference telephone network or similar communications method by which all persons participating in the meeting can hear each other, and participation in such a fashion shall constitute presence in person at such meeting.
- Section 13. <u>Compensation</u>. No member of the Board shall receive any compensation for serving in such office, unless specifically authorized by a majority vote of the Board of Board Members. The Foundation may reimburse any member of the Board for reasonable expenses incurred in connection with service on the Board. Any such reasonable expenses that are not reimbursed by the Foundation shall be construed as a gift to the Foundation.
- Section 16. <u>Protocol</u>. The Board shall use Robert's Rules of Order, unless stated otherwise herein. If a Board member is unable to attend a Board meeting, the Board member shall contact the Chairperson and/or another Board Member.

ARTICLE IV OFFICERS

- Section 1. <u>Number</u>. The officers of the Foundation shall include a Chair, Vice-Chair, Secretary, Treasurer, and such other officers as the Board shall deem necessary to elect.
- Section 2. <u>Election and Term of Office</u>. The Board shall elect and appoint all officers of the Foundation at the annual meeting of the Board, which officers shall be installed in office at such annual meeting to serve for terms of one (1) year and until their successors have been duly elected and qualified. Board Officers may serve no more than three (3) consecutive one-year terms in any office. Should there be more than one (1) nominee for a vacancy, the nominee receiving the greatest number of votes shall be declared elected and shall be installed in office at the annual meeting.

- Section 3. Removal of Officers. Any officer of the Foundation may be removed, either with or without cause, by a two-thirds (2/3) majority of the Board Members then in office at any regular or special meeting of the Board.
- Section 4. <u>Chair/President</u>. The Chair/President of the Board shall preside at all meetings of the Board. The Chair/President of the Board shall possess the power to sign all certificates, contracts, or other instruments of the Foundation which are approved by the Board. The Chair/President of the Board shall exercise and perform such other powers and duties as may be prescribed by the Board from time to time.
- Section 5. <u>Vice-Chair/Vice-President</u>. In the absence of the Chair/President of the Board or in the event of the Chair/President's disability, inability or refusal to act, the Vice-Chair/Vice-President of the Board shall perform all of the duties of the Chair/President and in so acting, shall have all of the powers of the Chair/President. The Vice-Chair/Vice-President shall have such other powers and perform such other duties as may be prescribed from time to time by the Board or by the Chair/President.
- Section 6. <u>Secretary</u>. The Secretary shall keep, or cause to be kept, a book of minutes at such place as the Board may order, of all meetings of the Board with the time and place of holding, whether regular or special, and if special, how authorized, the name or names of those present at the Board meetings, and the proceedings thereof. The Secretary shall give or cause to be given notice of all the meetings of the Board required by these Bylaws or by law to be given and perform such other duties as may be prescribed by the Board from time to time. The Secretary of the Board shall exercise and perform such other powers and duties as may be prescribed by the Board from time to time.
- Section 7. <u>Treasurer</u>. The Treasurer shall have oversight responsibility and shall keep and maintain, or cause to be kept and maintained, adequate and correct accounts of the properties and business transactions of the Foundation, including accounts of its assets, liabilities, receipts, disbursements, gains, and losses. The books of account shall at all times be open to inspection by any Board member. The Treasurer shall be charged with safeguarding the assets of the Foundation and he or she shall sign financial documents on behalf of the Foundation in accordance with the established policies of the Foundation. He or she shall have such other powers and perform such other duties as may be prescribed by the Board from time to time.
- Section 8. <u>Vacancies</u>. A vacancy in any office, held by an officer, because of death, resignation, removal, disqualification, or otherwise, may be filled by the Board by majority vote for the unexpired portion of the term.

ARTICLE VI CONTRACTS, LOANS, AND DEPOSITS

- Section 1. <u>Contracts</u>. The Board may authorize any officer or officers, agent or agents, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Foundation, and such authority may be general or confined to specific instances.
- Section 2. <u>Loans</u>. No loans shall be contracted for or on behalf of the Foundation and no evidence of indebtedness shall be issued in the name of the Foundation unless authorized by a resolution of the Board. No loan shall be made to any officer or Board member of the Foundation.
- Section 3. <u>Checks, Drafts, and Notes</u>. All checks, drafts, or other orders for payment of money, notes, or other evidence of indebtedness issued in the name of the Foundation shall be signed by such officer or officers, or agents of the Foundation and in such manner as shall be determined by the Board. The Chair and Administrator are authorized and required to sign all checks over the amount of \$10,000.
- Section 4. <u>Deposits</u>. All funds of the Foundation not otherwise employed shall be deposited to the credit of the Foundation in Nevada State Bank.
- Section 5. <u>Gifts.</u> The Board may accept, on behalf of the Foundation, any contribution, gift, bequest, or devise for the general purposes or any special purpose of the Foundation.
- Section 6. <u>Fiscal Year</u>. The fiscal year of the Foundation shall begin on July 1 and end on June 30.

ARTICLE VII PROPERTY

The property of the Foundation shall be held and applied in promoting the general purposes of the Foundation declared in these Bylaws. No property, including real estate, belonging to the Foundation shall be conveyed or encumbered except by authority of a majority vote of the Board. Any such conveyance or encumbrance shall be executed by the Chair in the name of the Foundation, and such instrument shall be duly approved by the Secretary or Treasurer of the Foundation.

ARTICLE VIII INDEMNIFICATION

The Board of Board Members may authorize the Foundation to pay or cause to be paid by insurance or otherwise, any judgment or fine rendered or levied against a present or former Board member, officer, employee, or agent of the Foundation in an action brought against such person to impose a liability or penalty for an act or omission alleged to have been committed by such person while a Board member, officer, employee, or agent of the Foundation, provided that the Board shall determine in good faith that such person acted in good faith and without willful misconduct or gross negligence for a purpose which he reasonably believed to be in the best interest of the Foundation. Payments authorized hereunder include amounts paid and expenses incurred in satisfaction of any liability or penalty or in settling any action or threatened action.

ARTICLE IX AMENDMENTS

These Bylaws may be amended, altered, or repealed and new Bylaws may be adopted by the Board of Board Members by an affirmative vote of two-thirds (2/3) of all the Board Members then in office, provided that the full text of the proposed amendment, alteration, or repeal shall have been delivered to each Board Member at least two (2) days prior to the meeting.

ARTICLE X DISSOLUTION

<u>Dissolution of Foundation</u>. If, at any time and for any reason, the Foundation is dissolved, all assets of the Foundation, after satisfaction of all outstanding claims by creditors, shall be disposed of to the State of Nevada or the School as a 501 (c)(3) according to applicable laws and appropriate regulations.

ARTICLE XI PURPOSE OF THE BYLAWS

These Bylaws are adopted for the sole purpose of facilitating the discharge, in an orderly manner, of the purposes of the Foundation. These Bylaws shall never be construed in any such way as to impair the efficient operation of the Foundation.

CERTIFICATION

I hereby certify that I am the duly elected and acting Secretary of the Foundation, and
that the foregoing Bylaws constitute the Bylaws of the Foundation, as duly adopted by
unanimous vote of the Board of Board Members.
